May 19, 2016

Dear David Weaver,

Oxygen Events is pleased to invite the London Singers to participate as representatives of Ontario in the 21st annual Unisong Choral Festival in Ottawa, June 27 through July 2, 2017.

This unique festival brings together choirs from across the country to unite into one massed choir for a Canada Day performance at The National Arts Centre to symbolically unite Canadians in song and experience, and to create fellowship and understanding of our country's fellow inhabitants from coast to coast. Repertoire is all Canadian, selected by our Canadian guest conductor, representing each of our nation's geographical regions with selections to be performed in each of our two official languages (English and French).

Your choir has been selected to be invited based on their high level of professionalism and performance as indicated by sample recordings provided and recommendations made to us by people familiar with your choir.

Please let us know your reply to this invitation as soon as possible so that we may assure the highest numbers of provincial representation possible for this event.

Sincerely,

Carla Ala-Kantti
Unisong Choirs Coordinator
